

Technical Data 0824:

Voltage:

Primary:
230 Volt, 50 Hz
Secondary:
24 Volt / 30 Volt, 12 Ampere

Dimensions:

Width x Height x Depth:
125 x 240 x *300 mm
(*Connector cable not included)

0824 RE Cleaning- & Embossing Machine

Alternative current device for electrochemical cleaning and embossing.
Adjustable 12 Volt AC, 24 Volt AC.

1030 MS Metal embossing machine complete in case

Alternative current- and direct current unit for the embossing of all conductive surfaces. Dark and light embossing (similar to engraving). Including plastic case consisting of:
Embossing stamp with carbon 90°, cable set with alligator clip, electrolyte for embossing, 100 ml neutralizer, 100 ml preservative embossing felts (bag with 40 pc).

1031 MS Metal embossing machine

(device, without accessories)

Technical Data 1030:

Voltage:

Primary:
230 Volt, 50 Hz
Secondary:
24 Volt / 30 Volt, 12 Ampere

Dimensions:

Width x Height x Depth:
143 x 300 x *380 mm
(*connector cable not included)
